## **QUESTION SUBMITTED June 3, 2016**

1. Per the Poitras RFQ, Section IV-H (Claims Information), can you please clarify that the section does not mean to include claims made simply in letters but claims brought only in forums like litigation, arbitration or similar forums?

The claims referenced are for litigation and significant arbitration or similar forums.

## **QUESTION SUBMITTED JUNE 13, 2016**

2. [A]s it relates to the confidential finance package outlined in section G of the RFQ - can you confirm that only one printed packet should be included in the submission (and not duplicated for 12 copies), and that the Proposer does not need to include a digital copy on the CD?

It is confirmed that only one printed package containing the confidential financial information is to be included.

## **QUESTION SUBMITTED JUNE 13, 2016**

3. [I]n section B, question 3d - the RFQ references seeing "Paragraph C below," and we wanted to confirm that in fact you do intend for the Proposer to reference Section "C below" as opposed to Section B, 3c "above"? It would appear that the question relates to project experience listed above and not the staffing section which is outlined below.

The reference in Section IV(B)(3)(d) is to the type of projects described in Section IV(C).
